A STATE BY STATE REPORT ON THE BUSH 2005 BUDGET

BAD FOR MIDDLE CLASS FAMILIES BAD FOR THE ECONOMY BAD FOR AMERICA

A Report by House Democratic Leader Nancy Pelosi and Senate Democratic Leader Tom Daschle

February 12, 2004

IRRESPONSIBLE PRIORITIES OF BUSH BUDGET HARMS AMERICA

Even as middle class Americans are struggling to achieve financial security, the Bush budget ignores the very real challenges they are facing. It fails to create jobs, and instead creates record deficits. It shortchanges education, health care, veterans' benefits, and small business. Instead of helping working families, it provides additional tax breaks for those who need them least and billions of dollars in new giveaways to HMOs and other wealthy corporate interests.

Reckless Republican policies create record deficits. The President's reckless disregard for fiscal responsibility has led to a \$521 billion deficit in FY 2004. If the budget were to be balanced this year, the average taxpayer would have to pay an additional \$1,766 -- a deficit tax -- to cover the gap. [http://www.nationalpriorities.org/impact04/index.html]

Bush budget provides an additional \$1 trillion in tax cuts for those who don't need then but does nothing to create good jobs here at home. Since the beginning of the Bush Administration, almost 3 million private sector jobs and 2.8 million manufacturing jobs have been lost nationwide. [BLS 1/04] Personal bankruptcies are at an all time high as families struggle to pay the bills. Over 406,300 people declared bankruptcy during 2003– a 32 percent increase from 2000. [www.nationalpriorities.org] But under Bush's 2003 tax break, 97,867,000 taxpayers get a tax cut of less than \$100 this year – 74 percent of all taxpayers nationwide. [http://www.ctj.org/pdf/2003statecut.pdf]

Breaks the promise of a better education. The President's budget fails to provide \$9.4 billion in promised funding for education – meaning that millions of children will not get the help with reading and math through Title I they were promised. [CRS, 1/04] It also eliminates Federal funding for dropout prevention programs nationwide, and fails to provide promised funds for after-school programs.

Freezes Pell Grant Award Level and slashes nearly \$100 million for Perkins Loans. The most recent data available indicate that there are over 4 million students receiving Pell Grants.
[http://www.ed.gov/finaid/prof/resources/data/ope.html?exp=0] The President's budget freezes the maximum Pell Grant and eliminates nearly \$100 million in funding for new Federal contributions for Perkins loans, which provide low-interest loans for students with financial needs. It also freezes or eliminates funding for campus-based student aid programs, resulting in the loss of grants, work-study, and loans

Leaves veterans behind. The President's budget raises health care costs for over 1 million veterans, increasing drug co-payments and imposing new enrollment fees that will cost veterans over \$2 billion over five years. According to the Administration's own figures, this will result in driving about 200,000 veterans out of the system, and discourage another 1 million veterans from enrolling. [Department of Veterans Affairs, 9/03]

Slashes \$655 million in funding for the COPS program – an 87 percent cut. The COPS program has put 116,573 additional officers on the streets since the beginning of the program. [http://www.cops.usdoj.gov/Default.asp?Item=35] The President's budget decimates the COPS program, reducing its funding by 87 percent.

Slashes \$1 billion in funding for homeland security and bioterrorism grants. The Bush budget cuts \$937 million from homeland security formula grants nationwide. These grants provide police, firefighters and emergency management teams with the training and equipment they need to keep communities safe. It also cuts \$105 million from the Centers on Disease Control's state and local capacity bioterrorism grants, which fund needed improvements in public health and medical infrastructure statewide. [FFIS, 2/04]

Cuts overall funding for EPA by \$606 million. The Bush budget proposes cutting funding for the EPA by \$606 million, resulting in about 5,000 fewer inspections than conducted three years ago to detect violations of the Clean Air Act, Clean Water Act and other key environmental laws. In addition, the Bush budget slashes funding for the states' Clean Water revolving loan funds, which help improve wastewater treatment facilities, by \$492 million – a 37 percent cut.

\$147 million cut in the Community Services Block Grant. The President's budget cuts \$147 million from the Community Services Block Grant, which provides employment services, housing, family counseling, transportation, medical and dental care and emergency assistance to families in need. [FFIS, 2/04]

IRRESPONSIBLE PRIORITIES OF BUSH BUDGET HARMS ALABAMA

Even as middle class Americans are struggling to achieve financial security, the Bush budget ignores the very real challenges they are facing. It also freezes or eliminates funding for campus-based student aid programs, resulting in the loss of grants, work-study, and loans.

Leaves veterans behind. The President's budget imposes new co-payments and enrollment fees that will cost veterans over \$2 billion over five years and underfunds veterans health care programs by \$13.5 billion over the next five years, placing the health care earned by 431,049 veterans in Alabama in jeopardy. [Department of Veterans Affairs, 9/03]

Slashes \$655 million in funding for the COPS program – an 87 percent cut. Over the life of the COPS program, Alabama has received over \$125,366,094 in grants, which has put 1,794 additional officers on the streets. [http://www.cops.usdoj.gov/Default.asp?Item=480] The President's budget decimates the COPS program, reducing its funding by 87 percent.

Slashes \$1 billion in funding for homeland security and bioterrorism grants. The Bush budget cuts \$15,610,157 from homeland security formula grants in Alabama. These grants provide police, firefighters and emergency management teams with the training and equipment they need to keep communities safe. It also cuts \$1,536,872 from the Centers on Disease Control's state and local capacity bioterrorism grants in Alabama, which fund needed improvements in public health and medical infrastructure statewide. [FFIS, 2/04]

\$606 million cut in environmental protection programs. Alabama has 13 sites contaminated with toxic waste on the National Priorities Superfund List, and 7 sites are likely to be affected by failing to fully fund the Superfund program. [Sierra Club, 2/04] The budget also cuts Clean Water funding by 37 percent nationwide -- a \$5,488,076 in Clean Water funding for Alabama. [FFIS, 2/04] The President's budget also freezes funding for safe drinking water programs.

\$147 million cut in the Community Services Block Grant. The President's budget cuts \$2,682,187 from the Community Services Block Grant in Alabama, which provides employment services, housing, family counseling, transportation, medical and dental care and emergency assistance to families in need. IRRESPONSIBLE PRIORITIES OF BUSH BUDGET HARMS CONNECTICUT

Even as middle class Americans are struggling to achieve financial security, the Bush budget ignores the very real challenges they are facing. It fails to create jobs, and instead creates record deficits. It shortchanges education, health care, veterans' benefits, and small business. Instead of helping working families, it provides additional tax breaks for those who need them least and billions of dollars in new giveaways to HMOs and other wealthy corporate interests.

Reckless Republican policies create record deficits. The President's reckless disregard for fiscal responsibility has led to a \$521 billion deficit in FY 2004. If the budget were to be balanced this year, the average taxpayer in Connecticut would have to pay an additional \$2,165 -- a deficit tax -- to cover the gap. [http://www.nationalpriorities.org/impact04/index.html]

Bush budget provides an additional \$1 trillion in tax cuts for those who don't need then but does nothing to create good jobs here at home. Since the beginning of the Bush Administration, Connecticut has lost 48,300 jobs and 34,100 manufacturing jobs. Almost 3 million private sector jobs have been lost nationwide. [BLS 1/04] Personal bankruptcies are at an all time high as families struggle to pay the bills. In Connecticut, 856 people declared bankruptcy during 2003– a 11% increase from 2000. [http://www.nationalpriorities.org/impact04/index.html] But under Bush's 2003 tax break, 999,000 Connecticut taxpayers get a tax cut of less than \$100 this year – 61% of all taxpayers in that state. [http://www.ctj.org/pdf/2003statecut.pdf]

Breaks the promise of a better education. The President's budget fails to provide \$9.4 billion in promised funding for education – meaning that 18,260 children in Connecticut will not get the help with reading and math through Title I they were promised. [CRS, 1/04] It also eliminates Federal funding for dropout prevention programs nationwide, and fails to provide promised funds for afterschool programs.

Freezes Pell Grant Award Level and slashes nearly \$100 million for Perkins Loans. The most recent data available indicate that there are 28,443 students in Connecticut universities receiving Pell Grants. [http://www.ed.gov/finaid/prof/resources/data/ope.html?exp=0] The President's budget freezes the maximum Pell Grant and eliminates nearly \$100 million in funding for new Federal contributions for Perkins loans, which provide low-interest loans for students with financial needs. It also freezes or eliminates funding for campus-based student aid programs, resulting in the loss of grants, work-study, and loans.

Leaves veterans behind. The President's budget imposes new co-payments and enrollment fees that will cost veterans over \$2 billion over five years and underfunds veterans health care programs by \$13.5 billion over the next five years, placing the health care earned by 280,037 veterans in Connecticut in jeopardy. [Department of Veterans Affairs, 9/03]

Slashes \$655 million in funding for the COPS program – an 87 percent cut. Over the life of the COPS program, Connecticut has received over \$83,569,132 in grants, which has put 1,289 additional officers on the streets. [http://www.cops.usdoj.gov/Default.asp?Item=480] The President's budget decimates the COPS program, reducing its funding by 87 percent.

Slashes \$1 billion in funding for homeland security and bioterrorism grants. The Bush budget cuts \$13,616,802 from homeland security formula grants in Connecticut. These grants provide police, firefighters and emergency management teams with the training and equipment they need to keep communities safe. It also cuts \$1,173,664 from the Centers on Disease Control's state and local capacity bioterrorism grants in Connecticut, which fund needed improvements in public health and medical infrastructure statewide. [FFIS, 2/04]

\$606 million cut in environmental protection programs. Connecticut has 15 sites contaminated with toxic waste on the National Priorities Superfund List, and 8 sites are likely to be affected by failing to fully fund the Superfund program. [Sierra Club, 2/04] The budget also cuts Clean Water funding by 37 percent nationwide -- a \$6,012,642 in Clean Water funding for Connecticut. [FFIS, 2/04] The President's budget also freezes funding for safe drinking water programs.

\$147 million cut in the Community Services Block Grant. It also cuts \$4,309,459 from the Centers on Disease Control's state and local capacity bioterrorism grants in Illinois, which fund needed improvements in public health and medical infrastructure statewide. [FFIS, 2/04]

\$606 million cut in environmental protection programs. Illinois has 39 sites contaminated with toxic waste on the National Priorities Superfund List, and 18 sites are likely to be affected by failing to fully fund the Superfund program. [Sierra Club, 2/04] The budget also cuts Clean Water funding by 37 percent nationwide -- a \$22,197,328 in Clean Water funding for Illinois. [FFIS, 2/04] The President's budget also freezes funding for safe drinking water programs.

\$147 million cut in the Community Services Block Grant. The President's budget cuts \$6,909,403 from the Community Services Block Grant in Illinois, which provides employment services, housing, family counseling, transportation, medical and dental care and emergency assistance to families in need. IRRESPONSIBLE PRIORITIES OF BUSH BUDGET HARMS INDIANA

Even as middle class Americans are struggling to achieve financial security, the Bush budget ignores the very real challenges they are facing. It fails to create jobs, and instead creates record deficits. It shortchanges education, health care, veterans' benefits, and small business. Instead of helping working families, it provides additional tax breaks for those who need them least and billions of dollars in new giveaways to HMOs and other wealthy corporate interests.

Reckless Republican policies create record deficits. The President's reckless disregard for fiscal responsibility has led to a \$521 billion deficit in FY 2004. If the budget were to be balanced this year, the average taxpayer in Indiana would have to pay an additional \$1,631 -- a deficit tax -- to cover the gap. [http://www.nationalpriorities.org/impact04/index.html]

Bush budget provides an additional \$1 trillion in tax cuts for those who don't need then but does nothing to create good jobs here at home. Since the beginning of the Bush Administration, Indiana has lost 86,300 jobs and 64,500 manufacturing jobs. Almost 3 million private sector jobs have been lost nationwide. [BLS 1/04] Personal bankruptcies are at an all time high as families struggle to pay the bills. In Indiana, 3,063 people declared bankruptcy during 2003— a 52% increase from 2000. [http://www.nationalpriorities.org/impact04/index.html] But under Bush's 2003 tax break, 2,126,000 Indiana taxpayers get a tax cut of less than \$100 this year — 75% of all taxpayers in that state. [http://www.ctj.org/pdf/2003statecut.pdf]

Breaks the promise of a better education. The President's budget fails to provide \$9.4 billion in promised funding for education – meaning that 29,604 children in Indiana will not get the help with reading and math through Title I they were promised. [CRS, 1/04] It also eliminates Federal funding for dropout prevention programs nationwide, and fails to provide promised funds for after-school programs.

Freezes Pell Grant Award Level and slashes nearly \$100 million for Perkins Loans. The most recent data available indicate that there are 86,875 students in Indiana universities receiving Pell Grants. [http://www.ed.gov/finaid/prof/resources/data/ope.html?exp=0] The President's budget freezes the maximum Pell Grant and eliminates nearly \$100 million in funding for new Federal contributions for Perkins loans, which provide low-interest loans for students with financial needs. It also freezes or eliminates funding for campus-based student aid programs, resulting in the loss of grants, work-study, and loans.

Leaves veterans behind. The President's budget imposes new co-payments and enrollment fees that will cost veterans over \$2 billion over five years and underfunds veterans health care programs by \$13.5 billion over the next five years, placing the health care earned by 555,173 veterans in Indiana in jeopardy. [Department of Veterans Affairs, 9/03]

Slashes \$655 million in funding for the COPS program – an 87 percent cut. Over the life of the COPS program, Indiana has received over \$107,004,576 in grants, which has put 1,577 additional officers on the streets. [http://www.cops.usdoj.gov/Default.asp?Item=480] The President's budget decimates the COPS program, reducing its funding by 87 percent.

Slashes \$1 billion in funding for homeland security and bioterrorism grants. The Bush budget cuts \$18,767,382 from homeland security formula grants in Indiana. IRRESPONSIBLE PRIORITIES OF BUSH BUDGET HARMS MASSACHUSETTS

Even as middle class Americans are struggling to achieve financial security, the Bush budget ignores the very real challenges they are facing. It fails to create jobs, and instead creates record deficits. It shortchanges education, health care, veterans' benefits, and small business. Instead of helping working families, it provides additional tax breaks for those who need them least and billions of dollars in new giveaways to HMOs and other wealthy corporate interests.

Reckless Republican policies create record deficits. The President's reckless disregard for fiscal responsibility has led to a \$521 billion deficit in FY 2004. If the budget were to be balanced this year, the average taxpayer in Massachusetts would have to pay an additional \$2,396 -- a deficit tax -- to cover the gap. [http://www.nationalpriorities.org/impact04/index.html]

Bush budget provides an additional \$1 trillion in tax cuts for those who don't need then but does nothing to create good jobs here at home. Since the beginning of the Bush Administration, Massachusetts has lost 192,600 jobs and 77,900 manufacturing jobs. Almost 3 million private sector jobs have been lost nationwide. [BLS 1/04] Personal bankruptcies are at an all time high as families struggle to pay the bills. In Massachusetts, 15,384 people declared bankruptcy during 2003– a 13% increase from 2000. [http://www.nationalpriorities.org/impact04/index.html] But under Bush's 2003 tax break, 2,016,000 Massachusetts taxpayers get a tax cut of less than \$100 this year – 65% of all taxpayers in that state. [http://www.ctj.org/pdf/2003statecut.pdf]

Breaks the promise of a better education. The President's budget fails to provide \$9.4 billion in promised funding for education – meaning that 49,871 children in Massachusetts will not get the help with reading and math through Title I they were promised. [CRS, 1/04] It also eliminates Federal funding for dropout prevention programs nationwide, and fails to provide promised funds for afterschool programs.

Freezes Pell Grant Award Level and slashes nearly \$100 million for Perkins Loans. The most recent data available indicate that there are 68,313 students in Massachusetts universities receiving Pell Grants. [http://www.ed.gov/finaid/prof/resources/data/ope.html?exp=0] The President's budget freezes the maximum Pell Grant and eliminates nearly \$100 million in funding for new Federal contributions for Perkins loans, which provide low-interest loans for students with financial needs. It also freezes or eliminates funding for campus-based student aid programs, resulting in the loss of grants, work-study, and loans.

Leaves veterans behind. The President's budget imposes new co-payments and enrollment fees that will cost veterans over \$2 billion over five years and underfunds veterans health care programs by \$13.5 billion over the next five years, placing the health care earned by 509,868 veterans in Massachusetts in jeopardy. IRRESPONSIBLE PRIORITIES OF BUSH BUDGET HARMS NEVADA

Even as middle class Americans are struggling to achieve financial security, the Bush budget ignores the very real challenges they are facing. It fails to create jobs, and instead creates record deficits. It shortchanges education, health care, veterans' benefits, and small business. Instead of helping working families, it provides additional tax breaks for those who need them least and billions of dollars in new giveaways to HMOs and other wealthy corporate interests.

Reckless Republican policies create record deficits. The President's reckless disregard for fiscal responsibility has led to a \$521 billion deficit in FY 2004. If the budget were to be balanced this year, the average taxpayer in Nevada would have to pay an additional \$2,466 -- a deficit tax -- to cover the gap. [http://www.nationalpriorities.org/impact04/index.html]

Bush budget provides an additional \$1 trillion in tax cuts for those who don't need then but does nothing to create good jobs here at home. Since the beginning of the Bush Administration, almost 3 million private sector jobs have been lost nationwide. [BLS 1/04] Personal bankruptcies are at an all time high as families struggle to pay the bills. In Nevada, 1,050 people declared bankruptcy during 2003—a 47% increase from 2000. IRRESPONSIBLE PRIORITIES OF BUSH BUDGET HARMS OHIO

Even as middle class Americans are struggling to achieve financial security, the Bush budget ignores the very real challenges they are facing. It fails to create jobs, and instead creates record deficits. It shortchanges education, health care, veterans' benefits, and small business. Instead of helping working families, it provides additional tax breaks for those who need them least and billions of dollars in new giveaways to HMOs and other wealthy corporate interests.

Reckless Republican policies create record deficits. The President's reckless disregard for fiscal responsibility has led to a \$521 billion deficit in FY 2004. If the budget were to be balanced this year, the average taxpayer in Ohio would have to pay an additional \$1,451 -- a deficit tax -- to cover the gap. It fails to create jobs, and instead creates record deficits. It shortchanges education, health care, veterans' benefits, and small business. Instead of helping working families, it provides additional tax breaks for those who need them least and billions of dollars in new giveaways to HMOs and other wealthy corporate interests.

Reckless Republican policies create record deficits. The President's reckless disregard for fiscal responsibility has led to a \$521 billion deficit in FY 2004. If the budget were to be balanced this year, the average taxpayer in South Dakota would have to pay an additional \$2,020 -- a deficit tax -- to cover the gap. [http://www.nationalpriorities.org/impact04/index.html]

Bush budget provides an additional \$1 trillion in tax cuts for those who don't need then but does nothing to create good jobs here at home. Since the beginning of the Bush Administration, South Dakota has lost 7,100 manufacturing jobs. Almost 3 million private sector jobs have been lost nationwide. [BLS 1/04] Personal bankruptcies are at an all time high as families struggle to pay the bills. In South Dakota, 16,336 people declared bankruptcy during 2003— a 39% increase from 2000. [http://www.nationalpriorities.org/impact04/index.html] But under Bush's 2003 tax break, 268,000 South Dakota taxpayers get a tax cut of less than \$100 this year — 79% of all taxpayers in that state. [http://www.ctj.org/pdf/2003statecut.pdf]

Breaks the promise of a better education. The President's budget fails to provide \$9.4 billion in promised funding for education – meaning that 8,168 children in South Dakota will not get the help with reading and math through Title I they were promised. [CRS, 1/04] It also eliminates Federal funding for dropout prevention programs nationwide, and fails to provide promised funds for afterschool programs.

Freezes Pell Grant Award Level and slashes nearly \$100 million for Perkins Loans. The most recent data available indicate that there are 14,968 students in South Dakota universities receiving Pell Grants. [http://www.ed.gov/finaid/prof/resources/data/ope.html?exp=0] The President's budget freezes the maximum Pell Grant and eliminates nearly \$100 million in funding for new Federal contributions for Perkins loans, which provide low-interest loans for students with financial needs. It also freezes or eliminates funding for campus-based student aid programs, resulting in the loss of grants, work-study, and loans.

Leaves veterans behind. The President's budget imposes new co-payments and enrollment fees that will cost veterans over \$2 billion over five years and underfunds veterans health care programs by \$13.5 billion over the next five years, placing the health care earned by 76,799 veterans in South Dakota in jeopardy. [Department of Veterans Affairs, 9/03]

Slashes \$655 million in funding for the COPS program – an 87 percent cut. Over the life of the COPS program, South Dakota has received over \$45,655,687 in grants, which has put 371 additional officers on the streets. [http://www.cops.usdoj.gov/Default.asp?Item=480] The President's budget decimates the COPS program, reducing its funding by 87 percent.

Slashes \$1 billion in funding for homeland security and bioterrorism grants. The Bush budget cuts \$8,483,629 from homeland security formula grants in South Dakota. These grants provide police, firefighters and emergency management teams with the training and equipment they need to keep communities safe. It also cuts \$260,666 from the Centers on Disease Control's state and local capacity bioterrorism grants in South Dakota, which fund needed improvements in public health and medical infrastructure statewide. [FFIS, 2/04]

\$606 million cut in environmental protection programs. South Dakota has 2 sites contaminated with toxic waste on the National Priorities Superfund List, and 1 sites are likely to be affected by failing to fully fund the Superfund program. [Sierra Club, 2/04] The budget also cuts Clean Water funding by 37 percent nationwide -- a \$2,409,430 in Clean Water funding for South Dakota. [FFIS, 2/04] The President's budget also freezes funding for safe drinking water programs.

\$147 million cut in the Community Services Block Grant. The President's budget cuts \$698,950 from the Community Services Block Grant in South Dakota, which provides employment services, housing, family counseling, transportation, medical and dental care and emergency assistance to families in need. IRRESPONSIBLE PRIORITIES OF BUSH BUDGET HARMS WEST VIRGINIA

Even as middle class Americans are struggling to achieve financial security, the Bush budget ignores the very real challenges they are facing. It fails to create jobs, and instead creates record deficits. It shortchanges education, health care, veterans' benefits, and small business. Instead of helping working families, it provides additional tax breaks for those who need them least and billions of dollars in new giveaways to HMOs and other wealthy corporate interests.

Reckless Republican policies create record deficits. The President's reckless disregard for fiscal responsibility has led to a \$521 billion deficit in FY 2004. If the budget were to be balanced this year, the average taxpayer in West Virginia would have to pay an additional \$1,962 -- a deficit tax -- to cover the gap. [http://www.nationalpriorities.org/impact04/index.html]

Bush budget provides an additional \$1 trillion in tax cuts for those who don't need then but does nothing to create good jobs here at home. Since the beginning of the Bush Administration, West Virginia has lost 12,000 jobs and 10,000 manufacturing jobs. Almost 3 million private sector jobs have been lost nationwide. [BLS 1/04] Personal bankruptcies are at an all time high as families struggle to pay the bills. In West Virginia, 6,915 people declared bankruptcy during 2003– a 31% increase from 2000. [http://www.nationalpriorities.org/impact04/index.html] But under Bush's 2003 tax break, 690,000 West Virginia taxpayers get a tax cut of less than \$100 this year – 83% of all taxpayers in that state. [http://www.ctj.org/pdf/2003statecut.pdf]

Breaks the promise of a better education. The President's budget fails to provide \$9.4 billion in promised funding for education – meaning that 18,642 children in West Virginia will not get the help with reading and math through Title I they were promised. [CRS, 1/04] It also eliminates Federal funding for dropout prevention programs nationwide, and fails to provide promised funds for afterschool programs.

Freezes Pell Grant Award Level and slashes nearly \$100 million for Perkins Loans. The most recent data available indicate that there are 31,822 students in West Virginia universities receiving Pell Grants. [http://www.ed.gov/finaid/prof/resources/data/ope.html?exp=0] The President's budget freezes the maximum Pell Grant and eliminates nearly \$100 million in funding for new Federal contributions for Perkins loans, which provide low-interest loans for students with financial needs. It also freezes or eliminates funding for campus-based student aid programs, resulting in the loss of grants, work-study, and loans.

Leaves veterans behind. The President's budget imposes new co-payments and enrollment fees that will cost veterans over \$2 billion over five years and underfunds veterans health care programs by \$13.5 billion over the next five years, placing the health care earned by 192,348 veterans in West Virginia in jeopardy. [Department of Veterans Affairs, 9/03]

Slashes \$655 million in funding for the COPS program – an 87 percent cut. Over the life of the COPS program, West Virginia has received over \$38,780,385 in grants, which has put 678 additional officers on the streets. [http://www.cops.usdoj.gov/Default.asp?Item=480] The President's budget decimates the COPS program, reducing its funding by 87 percent.

Slashes \$1 billion in funding for homeland security and bioterrorism grants. The Bush budget cuts \$10,469,558 from homeland security formula grants in West Virginia. These grants provide police, firefighters and emergency management teams with the training and equipment they need to keep communities safe. It also cuts \$624,851 from the Centers on Disease Control's state and local capacity bioterrorism grants in West Virginia, which fund needed improvements in public health and medical infrastructure statewide. [FFIS, 2/04]

\$606 million cut in environmental protection programs. West Virginia has 9 sites contaminated with toxic waste on the National Priorities Superfund List, and 7 sites are likely to be affected by failing to fully fund the Superfund program. [Sierra Club, 2/04] The budget also cuts Clean Water funding by 37 percent nationwide -- a \$7,650,980 in Clean Water funding for West Virginia. [FFIS, 2/04] The President's budget also freezes funding for safe drinking water programs.
